

GRAND FARM

space.
access.
participation.

GRAND FARM

Grand Farm is creating new partnerships--partnerships that will carry us forward to our next phase of innovation. That phase will include building a connected global community, building our Grand Farm Campus, and solving real problems for growers. We hope you'll want to be part of it. By becoming a Grand Farm Partner now, you'll be there as we learn, share, and grow.

You'll be alongside us to help influence that growth. Thank you.

WIDE OPEN SPACES TO GROW & SHARE

Real-World Dirt Time

You'll have five acres of Red River Valley test plot research land to use during 2021. These five acres will be alongside (or nearby) other Grand Farm Partners--opening up possibilities for shared research and collaboration. Need to test something new? You'll also have 25 hours of open field time to test your new product, machinery or process. Dirt Time is based on availability. Insurance required. Additional hours at a reduced rate. Must reserve space with the Grand Farm PMO.

Work Directly With the Grand Farm Project Management Office

You'll have opportunities to work directly with the Grand Farm PMO Team to help define future projects and help guide the direction of Grand Farm. Your contributions to innovation and research will be shared by Grand Farm's extensive marketing network.

Onsite Test Plot Sign Recognition

Your Test Plot research location will be recognized by a sign highlighting your company logo and a summary of your project—seen by all those who take Grand Farm tours in 2021.

Grand Farm Event Recognition

Your company or organization logo will be displayed at all Grand Farm events in 2021—alongside others who care about growers and AgTech.

First-In Future Opportunities

The future of Grand Farm will include a full campus of innovation, research and education. By being a Grand Farm Partner now, you'll be included among the first conversations to have a bigger role in the direction of Grand Farm and future recognition opportunities.

ALL-ACCESS

High-Level Sponsorship of AgTech Events

\$1000 of your partnership will include you as a sponsor for Grand Farm's biggest event of the year, our Cultivate Conference. In 2019, over 700 AgTech professionals attended our two-day conference (from all over the world)--and there are plans to make it even bigger. You'll also be a \$1000 Sponsor for our annual event, Autonomous Nation.

Host Your Event At Grand Farm

Showcase your company or organization by hosting your meeting, media event, or real-world demonstration at our Test Site. Based on availability. Insurance required. For more details about scheduling and setup, see our Partnership Guidebook.

All-Access Passes to Grand Farm Events

You'll have four, all-access passes to attend every 2021 Grand Farm public event, and invites to selected private events.

PARTNER PARTICIPATION

**Influence
Future Grand
Farm Projects**

You'll be part of the future of Grand Farm through your input and contributions to the planning of future Grand Farm Events and the future Grand Farm Campus.

**Be Part of Grand
Farm's "Thought
Leader" Network**

By being a member, you'll be eligible to be part of committees, speaker engagements, round table panels, award recognition and other Grand Farm-driven opportunities. You'll also be eligible to speak at other Emerging Prairie events, like our popular "1 Million Cups" events.

**Be Included
In Grand
Farm's Media
Network**

You'll be eligible to provide content and/or contribute to Grand Farm's far-reaching social network and contributions to magazines like "Future Farmer", which reaches over 15,000 farmers and growers.

**First-In Opportunity:
Be Part of a Future
Grand Farm Venture
Fund or Innovation
Platform**

Grand Farm is working to create financial support for AgTech startups. Details are still TBD, but--as a partner--you'll be among the first we talk to about opportunities just like this.

GRAND FARM

IT'S SEED MONEY. LITERALLY. **Partner with Grand Farm**

Option A: \$9,999/year, billed annually, or billed monthly at \$1000/month for 2021.

Option B: Sign a 3-Year Agreement now and have no price increase until 2024.

Note: A major portion of your partnership is tax deductible. Specific tax information can be provided upon request.

Grand Farm and Emerging Prairie are equal opportunity providers.
